

Date: 22<sup>nd</sup> June 2017

Dear Parents,

Consequent to our meeting with the ACP (Traffic) regarding traffic congestion caused by vehicles in and around school during 12.30 – 2.30 pm; a meeting was called by written notice and reminder messages to all parents of Classes Upper Nursery to Class III on Saturday, the 17<sup>th</sup> June 2017. The following decisions were taken unanimously on the said day.

- a. There is traffic congestion during first dispersal between 12.30 and 1.30 pm leading to disruption of public life in the neighbourhood. The meeting was held to consider different ways of reducing the impact.
- b. The driver-driven vehicles come much before time, wait and block the roads. Parents are requested not to send vehicles before time. **Cars will be given stickers for parking only for 10 minutes. Please contact school security from 15<sup>th</sup> July with Escort ID Cards. No car without school stickers will be allowed parking from 15<sup>th</sup> July.** These must be parked in a single line.
- c. Vehicles coming from Durgapur Flyover park on the opposite foot path create safety issues while crossing. They should use Govind Auddy Road to Peary Mohan Road to Chetla Road to move on the same side of the school gate.
- d. Parents are advised to form parents' carpools which will result in bonding between students travelling to school together. Priority will be given to parent pool cars during dispersal. School will assist in getting parents together for such grouping. Parents alone will bear all responsibility for communication and co-ordination within the Parent pool car. Once finalized, **the School will issue Parent Escort card with names of all the students in it.**
- e. Provision of Non AC Buses on more routes through outsourced agencies is being considered for the 1 pm drop for class 2-3 from the second term. A separate timing (Upper Nursery to class 1 at 12.30) and (Class 2 – 4 at 1.30) is being studied for the second term to reduce the numbers leaving school in the above mentioned peak traffic hours.
- f. The parents are requested not to get down or park the car in the mornings while dropping the students. Helpers and Security personnel will be there to help the children get down from the car and enter the school. **A special alighting point will be created across the Main Gates of the school for Escorted crossing of the road. Please ensure child is dropped only at that point.**
- g. The parents must patiently wait, in case of rain and bad weather. A dozen umbrellas have been stocked in school for escorting young children to their vehicles or pool cars.

With best regards,

Ms. S. Shunglu  
Principal
